

## The First Tee of Fort Worth Coaches-In-Training Resource

The First Tee Coach Training Program is an educational training program that prepares coaches, staff and volunteers at The First Tee chapters to deliver The First Tee Life Skills Experience Curriculum. The First Tee Coach Program relies on developing a philosophy that supports and enhances The First Tee Life Skills Experience.

One of the strengths of The First Tee is how it implements the framework for positive youth development. This framework consists of three elements: context, internal assets and external assets. Golf is the **CONTEXT** and the foundation and support of the positive youth development model. Chapter coaches and volunteers serve as the primary **EXTERNAL ASSETS** for PLAYers (participants). **INTERNAL ASSETS** are the life skills chapter participants acquire to help them manage transitions and life challenges.

## The First Tee LITMOS eLearning Coach Training Resource

LITMOS is The First Tee's new eLearning coach training platform. The LITMOS eLearning platform has courses and programs to help chapters train administrative personnel, coaches and volunteers about various aspects of The First Tee. This new LITMOS eLearning platform is where chapter personnel take online courses; download and upload post-level training documents; access annual level coach assessments; and where The First Tee Coaches upload CEUs at the end of each 3-year cycle. **Each individual participating in The First Tee Coach Training program is required to set up a personal LITMOS coach account (Assistant Coach to The First Tee Coach).**

Individuals in The First Tee Coach Training Program are now able to see and keep track of their own progression and status. After initially setting up ones LITMOS coach account, coaches access their LITMOS coach accounts at <http://university.thefirsttee.org>.
